Attendance is FREE

SHOP SEMINAR

March 26-27, 2012

CURRIES Shop Seminars are a real “hands on” experience. All attendees will greatly benefit from these sessions.

Participants pair off under the supervision of knowledgeable craftsmen to modify and weld doors and frames for jobsite delivery. Plant tours and basic door construction along with installation and troubleshooting will be covered in the two day session.

Participants must know how to weld and to be able to operate basic hand and power tools.

ESTIMATING AND PRICING SEMINARS

April 30-May 2, 2012

Instruction will include the CURRIES Technical Manual and introduce students on how to use the CURRIES Website and Partner Area to find information needed for CURRIES Products. The pricing segment of the seminar will review pricing procedures along with advanced techniques and tools to help in pricing CURRIES Doors and Frames. A session on fire codes, hurricane and tornado codes will be discussed along with troubleshooting a door and frame. Included with all CURRIES Seminars are tours of both our door and frame plants.

A minimum of one year experience is required in hollow metal.

OPTIONAL 2-DAY PRO-TECH® TRAINING CLASS

May 2-4, 2012

An optional two day PRO-TECH Training Class will begin after the CURRIES Estimating Session. The class will start at noon on Wednesday, May 2 and end at 11:00 a.m. on Friday, May 4. The class is geared towards the latest version of PRO-TECH and is intended for new users and those that have attended a prior PRO-TECH training session and need a refresher course.

The training will include:

PRO-TECH Overview, Company Setup, User Security, Project Tasks/Calendar, Working with the New Spreadsheet Type Grid, Estimating Hardware, Estimating Doors and Frames, Designing Quote Forms, Detailing Hardware, Door and Frame Detailing, Processing Hardware, Ordering, Receiving, Shop Orders, and Shipping.

Seating is limited, so reserve your space TODAY!
