RE: crcDash

DATE: May 21, 2012

Dear Valued Customer:

CURRIES is proud to announce that ASSA ABLOY crcDash is now available. The crcDash site is an informational portal for the following items:

- Monthly and Yearly Sales
- Account Statements
- Order Status
- Quotes
- Invoices

With crcDash, you can access the above information for all of your ASSA ABLOY brands. You will no longer need to go to each separate brand's website.

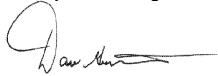

The crcDash for CURRIES will be available beginning May 21, 2012. You can access crcDash through the ASSA ABLOY DSS website [www.assaabloydss.com](http://www.assaabloydss.com) or through CURRIES website [www.curries.com](http://www.curries.com). Both of these locations are in the secure section of the website and require a user name and password.

For new users to sign up, go to [www.extranet.assaabloydss.com](http://www.extranet.assaabloydss.com) and click on the "Sign Up for Extranet Account" button. Fill out the form, including any account numbers. Once submitted, the form will be verified and a user account will be set up within a business day or so. Once your account is set up, you will receive an e-mail with a User ID and Password. The Password can be changed when logging in.

The current Order Status part of the CURRIES Partner area will only be maintained until June 30, 2012. After that date, the Order Status tool will no longer be available.

If you have any questions, please contact your CURRIES Customer Service Professional or your local ASSA ABLOY Door Security Solutions Representative.

Respectfully,

Dave Goetzinger  
Technical Marketing Manager
