

Pricing Seminar 2013

Attendance is FREE • Lodging and Meals will be Provided

This year CURRIES will be providing accommodations at the historic Park Inn in downtown Mason City.

The Historic Park Inn Hotel

The Park Inn Hotel, together with City National Bank in Mason City, Iowa, were designed by American architect Frank Lloyd Wright and completed in 1910. The design greatly influenced architecture in Europe and is as striking today as it ever was.

The Park Inn Hotel is the last Wright designed hotel in the world, and a complete renovation, including restoration of the distinctive brick and terra-cotta façade as well as art glass windows has restored the Prairie School building to a functional hotel.
