

Heavy Duty

# E119 Fire Resistive Solutions

Curries **E119 Fire Resistive Solutions** meet the International Building Code for fire resistive rated assembly requirements.

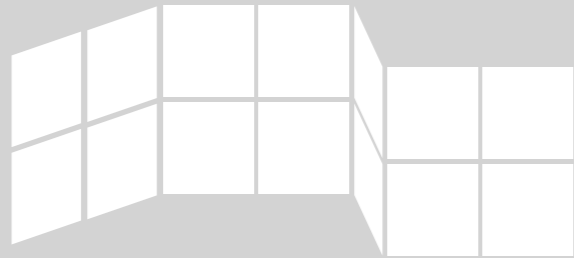

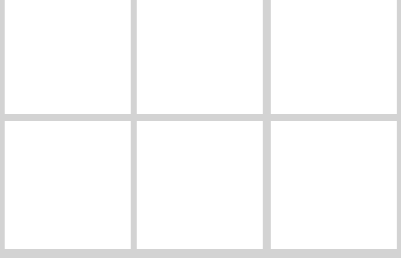

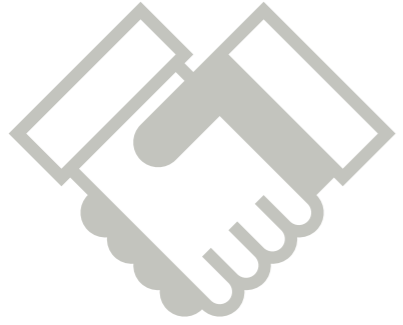

For interior glazed areas **exceeding 25%** of the wall.

Blocks flame, radiant heat, and hot gases.

Contains an interlayer that becomes opaque in the event of fire and acts as a heat shield.

Tested to ASTM E119, UL 263 and NFPA 251.

 <b>1-3 Hour fire rating</b>	 <b>Level 3 bullet resistance</b>	 <b>STC glazing</b>
 <b>Angled and corner frame options</b>	 <b>Narrow Stile Door</b>	 <b>Interior curtain wall solutions</b>
 <p>We are pleased to partner with Vetrotech, a Saint-Gobain company to produce Fire Resistive Frame Solutions.</p>
