Pool and Combination Shipping

General Pool Shipping Guidelines

1. Each distributor must have orders with a combined minimum total of 60 doors, or 6,000 pounds shipping to one location to qualify for a pool shipment.
2. Based on Pool Truck space and availability, CURRIES Distributors have the option of shipping less than 60 doors or 6,000 pounds, but will need to pay the minimum pool charge for this amount. If you choose to use this shipping option, you must note this on the orders or notify your CURRIES Customer Service Professional FIVE business days before your pool ship date.
3. Pool trucks will be scheduled based on each weekly shipdate.
4. If a distributor has material to ship in the pool, but there are no other area distributors pooling on that production run, the distributor has the option of waiting until the next available pool shipment, or shipping L.T.L. by common carrier at the distributor's expense.
5. Stock Door Group Service Center - Mason City orders may be received up to five (5) working days before the scheduled ship date. These orders will be included on the Pool Truck based on space availability and qualification.
6. Pool shipment deliveries will be made by carriers at the discretion of the Pool Shipping Department. This will be in the best interest of price, service and reliability.
7. Distributors must have proper personnel and equipment present for unloading product and be accessible to full size tractor trailers by approved truck route.
8. No goods may be returned to the factory nor may a pool shipment be refused without authorization from the main office in Mason City, Iowa.
9. If a distributor removes an order(s) from a pool for any reason within 5 working days prior to a scheduled ship date, that portion of the freight charges allocated for that material remains the responsibility of the distributor for payment.
10. There will be no spotting of trailers, or driver unloading.
11. No pool trucks will leave the factory later than three (3) working days after the scheduled ship date. Shipments will automatically ship on or before the scheduled ship date in the event the material is available.
12. There will be two (2) hours of free truck detention time allowed for unloading. Unloading on the premises at the distributor or jobsite shall constitute one vehicle stop. Any truck detention charges shall be the responsibility of the distributor.
13. All claims will be handled and processed in accordance with the Interstate Commerce Commissions guidelines. All material must be inspected at the time of unloading. Any damage or shortage must be noted on the bill of lading and reported to the manufacturer immediately.
14. All orders received from distributors, that qualify, will be automatically included in pool shipping unless another method of shipping for the order is specified.
15. Distributors must have their accounts paid current to participate in the program.
16. All pool shipping freight charges are net. No discounting is allowed.

The Benefits of Pool Shipping

- *Lower Freight Costs*
- *Reduce Freight Damage*
- *Eliminate In-Transit Delays*

Jobsite Deliveries

- *CURRIES' material will not be arranged to deliver to a jobsite.*
- *GRAHAM shipments or combined CURRIES and GRAHAM shipments may be delivered to a jobsite.*
- *McKINNEY Products from the Door Group Service Center Mason City may be shipped with your CURRIES and GRAHAM pool trucks or truck loads, with no additional freight costs.*
- *All GRAHAM orders that qualify are automatically considered for pool shipping.*
- *Please sign up for CURRIES pool shipping with the form in this brochure.*

Pool Shipping Variations

Combination Pool Shipping

- You may combine your CURRIES, GRAHAM, and MCKINNEY products to ship together via L.T.L. or Truck load.
- Current pool shipping program criteria shall apply for each company.
- The minimum total weight for combining CURRIES and GRAHAM orders is 6,000 pounds. A 60 door minimum is required for a pool shipment for GRAHAM doors only, while 6,000 pounds remains the minimum for CURRIES' material.
- Combined pool shipments will be set up on the same weekly ship date.
- When requesting a CURRIES and GRAHAM order(s) to ship together, the order with the longest lead time will apply as the scheduled ship date for all orders.
- Door Group Service Center - Mason City orders may be received up to five(5) working days before scheduled ship date. These orders will be included on the pool truck based on space availability and qualification.
- The GRAHAM stop-off charge for a pool shipment will be reduced by 50% from the current rate when combined with CURRIES' material.
- Freight charges will be added directly to the material invoice on a combined L.T.L. or truck load shipments when using our prepay and add program.
- Jobsite shipments are available in combined shipments.

Pool Shipping Variations

CURRIES

- Pool freight charges will be based on total trucking cost (which includes stop off charges and diesel fuel surcharges), plus administrative fees. Total charge per distributor will be pro-rated based on the weight/volume of their materials.
- Pool freight charges will be billed on the material invoice.

GRAHAM

- Pool freight charges for each pool shipment will be based on the number of doors for each distributor, multiplied by the freight zone cost (see zone chart in current price book). Then add the current stop-off charge.
- Pool freight charges will be billed on the same invoice as your product.
- Any diesel fuel surcharges shall be passed on to the distributor.

Frequently Asked Questions

- Q.** Can I ship product to a Door Group Service Center in my area?
- A.** *Yes, we will ship your products to the Door Group Service Centers. Please contact your Customer Service professionals or the Pool Shipping Department for current rates and availability.*
-
- Q.** Can I combine my CURRIES and GRAHAM orders to ship via L.T.L. Common Carrier?
- A.** *Yes, see the Combined Shipments Section on this page.*
-
- Q.** Do I have to have 60 wood doors to pool ship?
- A.** *No, we will pool less than 60 doors, space permitting, however, you will be charged the minimum rate equal to 60 doors.*
-
- Q.** How do I find out when the delivery is to be made?
- A.** *All pool truck carriers will call ahead for delivery appointments.*
